

# Specific Program Definition

## APIIDA API Gateway Manager for Broadcom Layer7

### 1. Preliminary remarks

- 1.1. The parties acknowledge that the provisions outlined here are applicable to the product “APIIDA API Gateway Manager”, hereinafter also referred to as “product”.
- 1.2. Terms of this Specific Program Definition take precedence over diverging provisions of the End User License Agreement (“EULA”) of APIIDA.
- 1.3. Furthermore, the regulations of the End User License Agreement of APIIDA apply.

### 2. Licensed product / Right of use

#### 2.1. License metric

A license of the product is required for each Broadcom/CA Layer7 API gateway instance which is managed or monitored by the APIIDA API Gateway Manager, regardless of whether the API gateway is configured to be stand-alone or a member of a cluster environment.

#### 2.2. License type, usage limitations and fees

The license type, usage limitations (number of API gateways), and the license fee are specified in the transaction document (“Order Form”) between the contractual parties and are agreed separately of this Specific Program Definition.

#### 2.3. License term

The license granted to the customer for the use of the product is limited to the term outlined in the order form on which the parties agreed.
